Our activities and our people

01

Our response to COVID-19

We made effort to ensure smooth operations

We modified our products and processes to increase safety

- We implemented temporary solutions to support borrowers from personal, SME, business and corporate segments.
- We increased the limit for contactless payments without PIN from PLN 50 to PLN 100 for debit and credit cardholders.

We limited footfall at branches

- We suspended sales campaigns requiring branch visits.
- New initiatives were launched to promote remote channels.

We introduced remote work solutions

- A wide range of communication and information campaigns is run to support remote work.
- Employees have an option to borrow their computer monitors from the office to work from home.

Our response to COVID-19

We took care of customers and employees to ensure safety

We took care of our employees' health

- During the peak of the pandemic (March–May), we shortened the working time of branch staff from eight to six hours, with five hours dedicated to direct customer service (seven hours from the 1st of June).
- Vulnerable employees (people over 55 years of age with underlying conditions) were assigned to tasks other than customer service (including tasks performed as part of remote work).
- We implemented a dedicated form and then an application for monitoring employees' health to ensure that appropriate measures can be taken as needed.

We supported our employees who have children

- We provided information and support to employees with children, including materials with up-to-date information about additional allowances for employees who stayed at home with their children during the closure of schools and kindergartens.

We took measures to help customers and employees stay safe

- We provided personal protective equipment to branch staff (plexiglass screens, face masks, gloves, face shields) and employees working from offices (face masks, gloves).
- Our offices were adapted in accordance with the safety regulations – we have put notice signs, reminding employees of social distancing rules and enhanced hygiene measures.
- Employees who had to work from the office (critical roles) could use parking space next to the office buildings to avoid public transport.
- Employees returning to offices are informed about the new hygiene regime.

Change of our behaviours

- In view of the epidemic situation in Poland, the Bank's Management Board decided to pause the return of employees to offices and to continue teleworking until the end of Q1 2021.
- For the employees subject to the plan of returning to the office, we have implemented a work-rotation system for managing the employees' presence in the office, thus limiting the risk of infection.
- We actively monitor employees' health and the cases of infection. The data we obtain enable us to ensure safety to our employees and to manage the situation on an ongoing basis.

Charity initiatives

In March and April, we carried out a charity campaign for the Polish medical services. We wanted to jointly support medical services in the fight for our health, life and return to everyday life. Therefore, the Foundation launched a charity fundraising initiative, in which the Bank doubled the amount collected. We managed to collect over PLN 3,090,605.86. Before that, Santander Bank Polska and the Santander Foundation donated PLN 2 million for fighting the coronavirus. Our activities resulted in the donation of over PLN 5 million for the purchase of medical equipment for 23 hospitals throughout Poland.

We have carried out the “Power to Help” (“PoMoc jest w nas”) charity campaign in order to increase social awareness about cancer in children and the challenges related to its treatment. The purpose was to raise funds for 10 paediatric oncology centres across Poland. For every BLIK payment, the Bank paid 5 groszy to the campaign fund. Over 600 thousand customers participated and made a total of 3 081 444 BLIK transactions. Thanks to their contribution, we donated PLN 200 000 to hospitals.

Our communication

Bank As You Want It

In 2017, we introduced our new brand claim: **BANK AS YOU WANT IT**. We offer products and services which are tailored to our customers' changing needs. This is one of the banking brand claims that people tend to remember the most.

Brand Ambassador

In 2020, actor **Marcin Dorociński** became our new brand ambassador. As the surveys had shown, he was the most recommended candidate to represent our Bank. Marcin Dorociński is a popular actor who also actively supports social responsibility initiatives.

Communication during the COVID-19 pandemic

Our communication with customers during the pandemic was intended to **give them the sense of security and support** (providing customers with advice how to protect their health, how to avoid cyber attacks and how to bank in a safe way; we also presented the Bank's innovative services, which improved our NPS). In the **"Different Christmas – the same magic"** communication, we shared with our customers useful tips on how to organise Christmas in a safe and simple manner during this special time.

We organised also two charity campaigns:

- **"We will double your impact"** – our customers joined us in our efforts to provide financial aid to hospitals in their fight against the coronavirus – **we donated over PLN 5m**.
- **"Power to Help"** in which for every transaction made with BIK, we donated money to help children with cancer (a total of PLN 200,000).

ATL campaigns / TV

Account As I Want It – summer

During the campaign we promoted our mobile app (a safe home banking solution) as well as the Account As I Want It. Marcin Dorociński plays different roles in the commercial, highlighting the Bank's ability to meet all customers' needs and presenting the advantages of mobile payment solutions – BLIK and instant transfers. Key communication channels are: TV, internet and branches.

Account As I Want It – Family banking – autumn

Yet another campaign this year promoting family banking (start: 5 October). Marcin Dorociński impersonates someone who witnesses dreams and problems of adolescence. Using accounts in one bank by the whole family allows teenagers to gain independence under adult supervision. Teenagers can pay with a card and make BLIK transfers to their friends, while parents can control their children's expenses and transfer pocket money to their accounts. Key communication channels are: TV, internet and branches.

TV: reach – **8.3m**
people in TG (18-54)

TV: reach – **8.8m**
people in TG (20-54)

Other ATL campaigns

Insurance

In Q2 2020, we launched a campaign to promote new **"Life and health"** insurance, which can be adapted to personal needs. We communicated with our customers via the internet and branches. The promotion was also supported with a tutorial featuring Marcin Dorociński.

SME online

In June 2020, we launched a campaign targeted at SMEs and promoted a service whereby customers could start up their business remotely via Santander Internet. Communication was run in branches, the radio and the internet.

Responsible Banking (CSR)*

GREEN BANK

Our goals

The **Green Strategy** includes:

- green product offering
- support for Poland on its way to zero emissions
- gradual reduction of our own environmental footprint

Our achievements

Green offer

- as of the beginning of 2020, PLN 267 million in support of RES development in Poland (R.Power, Polenergia)
- PLN 165.4 million for Solaris Bus & Coach with BGK's guarantee for the delivery of 50 zero-emission buses for the Municipal Transit Company in Krakow.

Green bank

- as of 2020, 100% of energy purchased from renewable sources
- the only bank in the Ellen Mc Arthur's "Plastics Pact"

INCLUSIVE BANK

Our goals

Development of an inclusive and integrating banking offer tailored to different customer needs and providing financial education.

Our achievements

Bank adapted to specific needs

- An innovative branch for blind persons with a typhlographic (convex images) branch plan and tactile paths as well as the TOTUPOINT system.

Financial education at every stage of life

- "Log in Seniors" educational campaign
- A series of webinars for all customer segments on running a business in times of the pandemic. www.finansiaki.pl website for parents and teachers devoted to financial education

Euromoney Award

Santander Bank Polska awarded in the prestigious Euromoney competition for its actions addressed to customers and the society during the pandemic

Santander Bank Polska was the only bank in Poland to be recognized in the Euromoney Awards competition for its impact on its customers and the society during the COVID-19 pandemic.

The award that Santander Bank Polska received as part of the Excellence in Leadership category was granted to only three financial institutions from across Central and Eastern Europe in 2020.

The jury of the Euromoney Award distinguished Santander Bank Polska for its extensive financial support provided not only to retail customers, but also to businesses, especially SMEs.

The jury also appreciated the Bank's initiative which had a positive impact on the Polish society. The awarded initiatives include "We will double your impact" campaign, a charity fundraiser for hospitals in Poland to support medical personnel in their fight against the coronavirus, and the launch of the RazemPokonamy.pl website providing general pandemic-related content.

New products and services

Retail customers

- We made it possible for customers to open personal accounts based on a photo (“selfie”).
- We implemented a new life insurance – Spokojna Hipoteka – for customers who take out mortgage loans and equity releases.
- Based on a solution designed by Santander Group, we launched a new investment advisory service targeted at Private Banking clients.
- We opened the third Work/Café – this time in Praga district in Warsaw.

SME customers

- We implemented processes available for customers via their mailbox in online banking for businesses: lending, updating sole traders’ data and signing annexes.
- We introduced new rules for confirming online card transactions (SCA).
- We opened multisalon24.pl – a car lease platform.

Corporate customers

- As the first financial institution in Poland, we have implemented a cloud-based CRM - one of the most innovative systems in the world: Salesforce CRM.

- We have implemented:
 - a new e-banking platform iBiznes24
 - a possibility of using electronic signature for leasing contracts
 - a new Treasury product – Window Forward
 - regular customer surveys in the Net Promoter Score methodology
- As one of the first factors in Poland, we signed an agreement with BGK on supporting factoring limits with guarantees from the Liquidity Guarantee Fund.

Education and support for customers

Retail Customers

- We published “Poles’ Financial DNA 2020” report showing results of the survey on how Poles manage their personal finances.
- In liaison with the Kraków University of Economics, we run a unique development programme for students and graduates from all over Poland – a series of 9 webinars with the Bank’s management team.

SME Customers

We run regular educational campaigns about business products and services, including useful tips on how to pay less for a business account.

BCB Customers

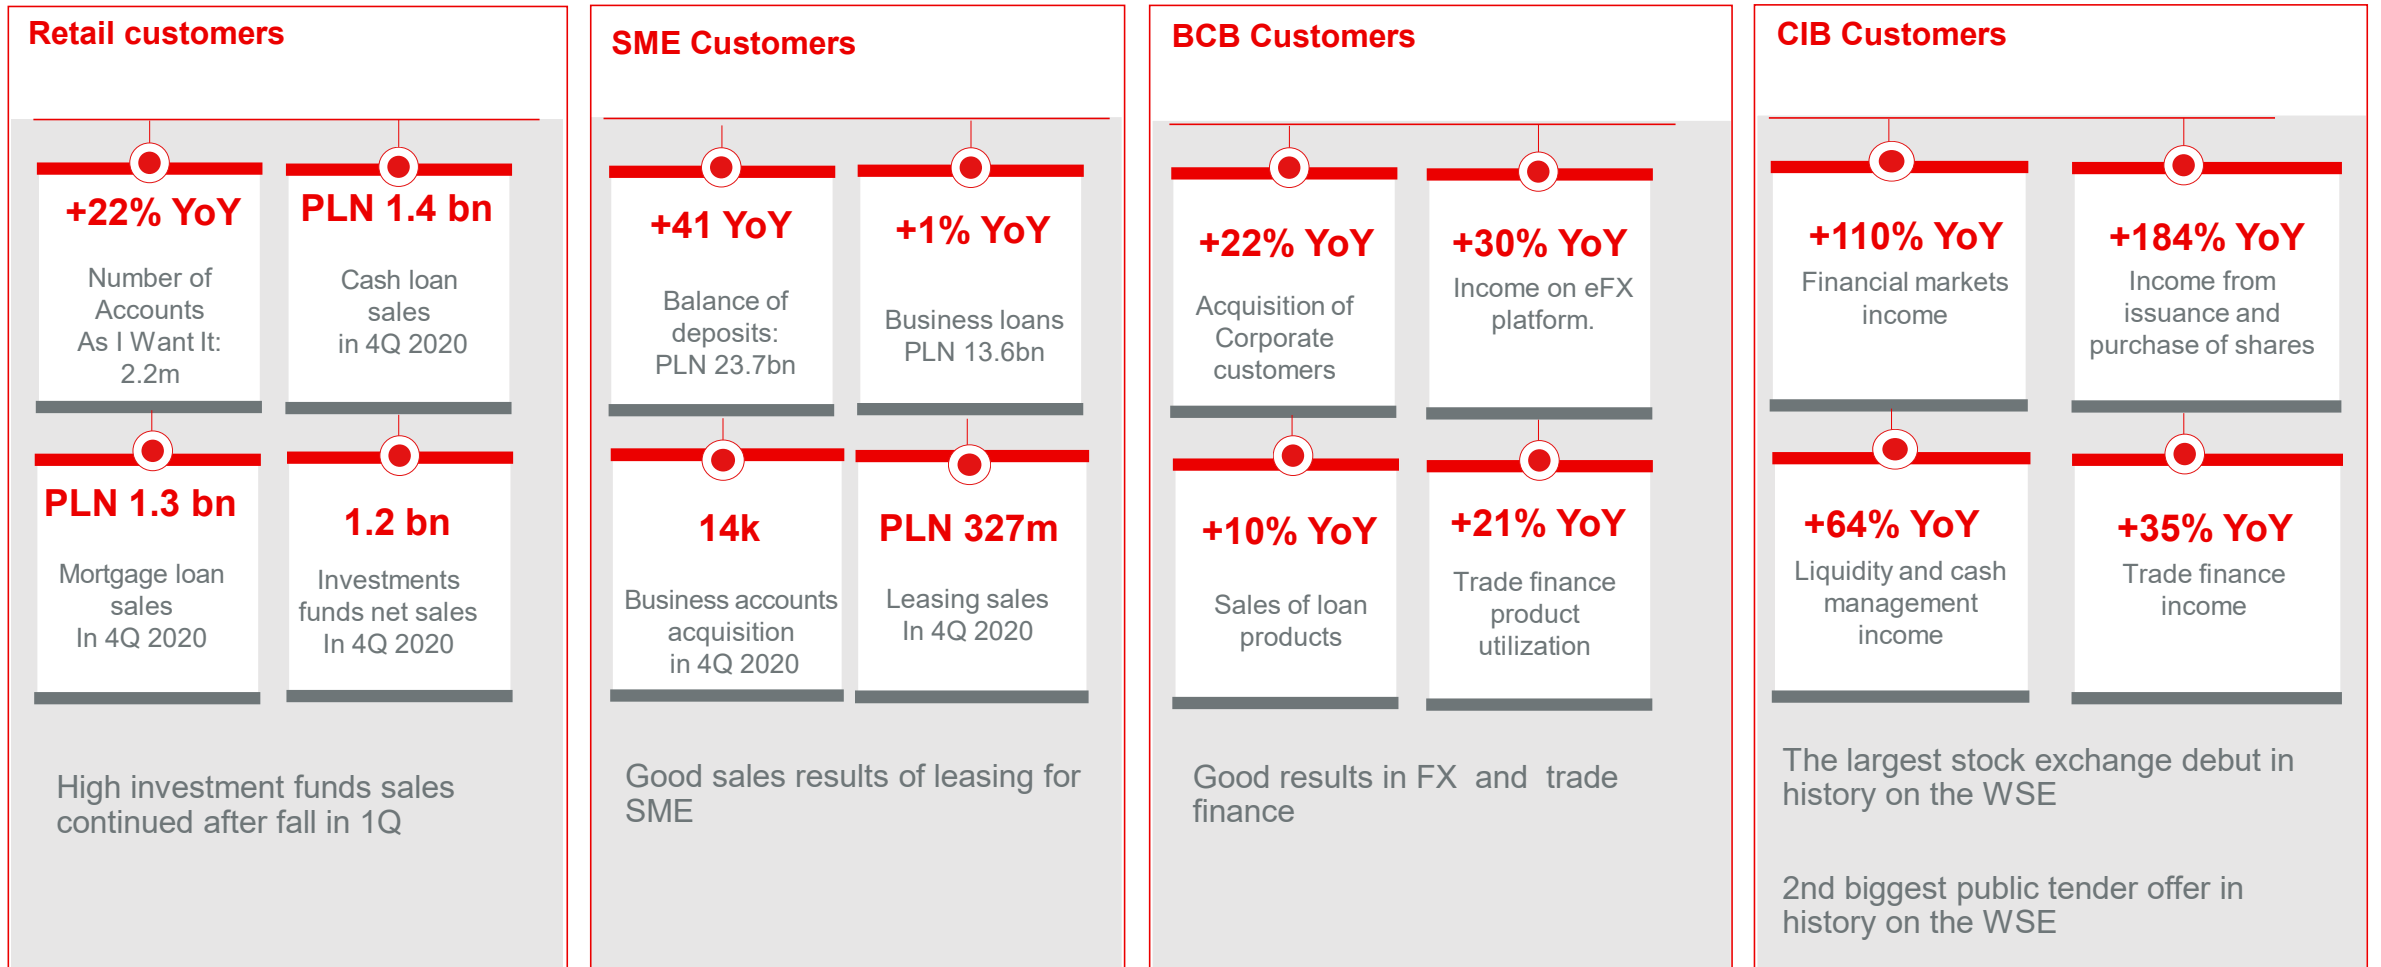

- In 2020 we organised a series of webinars for customers about the situation in selected sectors and key markets of the Santander Group
- We actively used the Santander Trade Alliance portal to support our customers business growth and networking
- Together with SpotData, we published a report: “Time for margins. How Polish food producers can move from volume expansion to increasing efficiency.” The report, preceded by a series of press publications and completed by an expert webinar, has received very positive feedback from the market and industry experts.

CIB Customers

We issued more than 300 stock exchange recommendations in 2020 and organised a conference for institutional investors “2020 CEE Equity Outlook,” attended by several dozen of investment and pension fund managers.

Net interest income and net interest margin

Comment

- In 2020, net interest income fell by 10.5% YoY (+2% QoQ in Q4).
- Net interest margin for Q4 2020 (annualised on a quarterly basis) totalled 2.66% and was at the same level as in Q3 2020
- The decreases in net interest income and net interest margins are attributed to interest rate cuts, costs of partial return of fees on early repaid consumer loans (CJEU) and the effects of the COVID-19 pandemic (impact on lending activity).
- Quarterly dynamics of interest income was -0.6% Q4 2020 / Q3 2020, while interest costs decreased by 22.4% Q4 2020 / Q3 2020 due to a reduction in deposit prices. During the year, this dynamics amounted to -18.5% and -46.4%, respectively.

● Net interest income of SCB Group**

PLN 1,577m (2019)

Net interest income

PLN m

Net interest margin

Net fee and commission income

Comment

- Net fee and commission income was +1.1% YoY and +3% QoQ. Fees in Q4 were affected by the number of transactions made by customers during the COVID-19 pandemic. Q4 saw an improvement in almost all categories.
- Good results were reported in terms of brokerage fees (119% YoY) and credit fees (+6% YoY), as well as debit card fees (+10% YoY).
- SCB net fee and commission income +20% YoY due to one-off income from updating the model of calculating provisions for insurance premium returns (in Q2 2020). This income was partially offset by higher securitization costs and the impact of the pandemic resulting in lower insurance and other fees.

Net fee and commission income of SCB Group*

Income

Comment

- The Group's total income in 2020 amounted to PLN 8,647 million and decreased by 8% compared to 2019; comparable total income decreased by 7.6% YoY.
- Higher income in Q4 2020 compared to Q3 due to an increase in net interest and fee income and other operating income.
- Profit on the sales of treasury bonds in 2020 stood at PLN 229 million (compared to PLN 125 million in 2019).
- Positive change in the fair value of VISA Inc. shares in the amount of PLN 33 million in 2020 (PLN 18 million in Q4 alone), included in the result on other financial instruments.
- Lower dividend income (by 77% YoY) in connection with the KNF recommendation for the insurance sector.

Income

PLN m

	2020	2019	YoY (%)	QoQ (%)

Total income	8 647	9 462	-8.6%	2,2%
One-off items in net interest income	(165)	(100)		
Other one-off items (dividends)	126	158		
Total income excluding one-off items	8 686	9 404	-7.6%*	

* In underlying terms for individual items, i.e. after the exclusion from 2020: adjustments to interest income related to the reimbursement of part of consumer loan fees repaid ahead of schedule (PLN 165 million), SCB's income from updating parameters of provisions for insurance premiums (PLN 103 million), revenues from dividends (PLN 22.5 million), and in 2019: an adjustment to interest income related to the reimbursement of part of fees on consumer loans repaid ahead of schedule (PLN 100 million), dividends (PLN 99 million), profit on the settlement of the sale of an organized part of the enterprise Centrum Usług Inwestycyjnych (PLN 59 million).

Operating expenses

Comment

- Assuming a constant level of BFG fees and excluding the restructuring provision, provisions for legal risk and litigation, comparable operating costs in total were lower by 8.8% YoY, mainly due to a decrease in depreciation and salaries and savings in selected cost categories as a result of optimisation and transformation processes.
- Total costs influenced by regulatory costs, which in 2020 amounted to PLN 436 million (from PLN 311 million in 2019: increase of 40% YoY).
- Excluding regulatory costs, administrative costs decreased by 13% YoY – most significantly in the following items: marketing, building maintenance and costs of external services.
- Staff costs, excluding the restructuring provision, lower by 10% YoY due to lower costs of remuneration and overheads on remuneration, as well as lower training costs.
- Increase in other operating expenses in Q4 due to the creation of provisions for legal risk related to FX mortgage loans in the amount of PLN 209 million and the legal risk related to the reimbursement of part of the fees for consumer loans prepaid in the amount of PLN 69 million.
- In SCB, operating costs -7% QoQ. and -10% YoY. Staff costs -13% YoY, administrative costs -3% YoY.
- Group C/I ratio at 51.9% in 2020 compared to 47.2% in 2019. The comparable C/I ratio was 42.4% in 2020 compared to 43.0% in 2019.

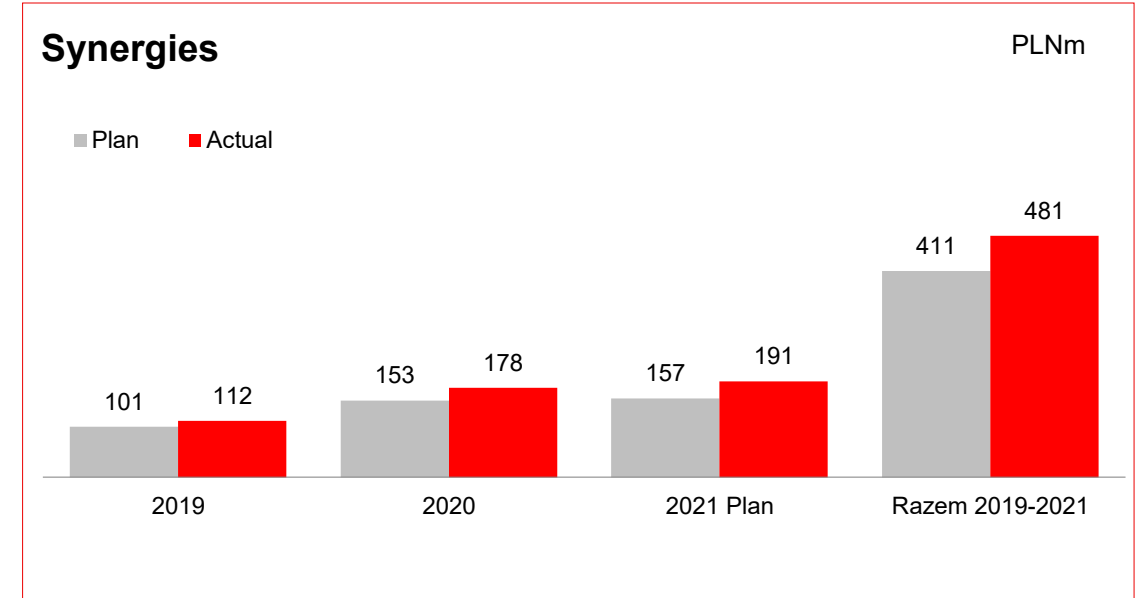

PLN m

	2020	2019	YoY (%)	QoQ (%)
Administrative and staff expenses	(3 263)	(3 426)	-5%	16%
Staff expenses	(1 744)	(1 870)	-7%	34%
Administrative expenses	(1 518)	(1 556)	-2%	-7%
Amortisation/depreciation + other	(1 225)	(1 040)	18%	141%
Total costs	(4 488)	(4 466)	0,5%	43%
One-off items	(805)	(426)		
Underlying total costs*	(3 683)	(4 040)	-8,8%	

In underlying terms for individual items, i.e. assuming a stable level of BFG fees and excluding from 2020: provisions for legal risk related to the FX portfolio of mortgage loans (PLN 201 million), provisions for employment restructuring (PLN 154 million), provisions for disputed liabilities and other assets (PLN 322 million), and as of 2019: provisions for employment restructuring (PLN 100 million), provisions for legal risk related to the FX mortgage portfolio (PLN 267 million) and provisions for disputed liabilities and other assets (PLN 60 million) PLN).

One-off costs and synergies after acquisition of DB Polska

- One-off costs related to DB integration reached PLN 63 million in 2020. In 2021, there will only be a depreciation cost.
- Lower costs as a result of:
 - optimization of expenses,
 - shorter and cheaper contracts,
 - lower costs of restructuring the branch network.

- Cost synergies in 2019-2021, including the effect of group layoffs in 2019, are planned in total at PLN 481 million. Higher execution through:
 - choosing the optimal model for restructuring the branch network,
 - elimination of duplication of functions,
 - harnessing the potential of the potential and best practices of the combined organization.

Provisions and credit portfolio quality

Cost of credit

Balance of provisions

PLN m

NPL and NPL coverage ratio*

*Including POCI – purchased or originated credit-impaired asset.

The NPL ratio and the NPL coverage ratio (including the POCI portfolio) for the period from 31 March 2018 to 30 September 2018 were calculated using gross value of POCI exposures and provision, without adjusting them to the fair value at initial recognition. This presentation was adjusted as of 31 December 2018.

Banking tax and regulatory costs

Amounts payable to the BFG, KNF and KDPW

Resolution fund*:

- 2019: SBP PLN 173m SCB PLN 26m
- 2020: SBP PLN 227m SCB PLN 21m

Banking tax

Pursuant to the Act of 1 February 2016 on tax imposed on certain financial institutions, bank assets are subject to a tax of 0.0366% per month. In 2020, the total tax charged to Santander Bank Polska S.A. and SCB S.A. in this respect was PLN 602m (PLN 561m and PLN 41m, respectively).

NPL sales

NPL sales*

Impact of NPL sales on PBT*

SBP 2020: NPL sales: PLN 531m, impact on PBT PLN -15m
SCB 2020: NPL sales: PLN 473m, impact on PBT PLN 45m

Results for 2020

Comment

- Decline in net interest and fee and commission income due to the interest rate cuts, CJEU judgments and the COVID-19 pandemic. Net fees and commissions in Q4 alone increased by over 3% compared to Q3.
- Costs influenced by regulatory and legal factors (BFG and CJEU). Significant improvement in costs in underlying terms.
- Further emphasis on cost efficiency and synergies.
- Increase in credit provisions due to the COVID-19 pandemic.
- Profit decrease in underlying terms by approx. 22%.
- Effective tax rate influenced by regulatory costs

Our response to COVID-19

Support for personal and business customers

- We provided customers with an option to apply for three-month or six-month deferral of principal repayments or principal and interest repayments on cash loans and mortgage loans; to business customers, we offer repayments under loan, factoring and lease agreements.
- We offered a possibility to suspend* the performance of agreements on the following credit facilities:
 - cash loans
 - mortgage loans
 - personal overdrafts
 - credit card limits (for one, two or three months)
 - SME overdrafts with a decreasing limit (for three or six months).
- Our customers could also apply for:
 - automatic renewal of personal overdrafts and credit card limits;
 - automatic free-of-charge two-month extension of SME overdrafts; in the case of large companies: extension of overdrafts with no additional fees and charges as part of a fast-track procedure.

The assistance tools provided by the Group as part of initiatives aimed at mitigating the negative effects of the COVID-19 pandemic

The range of tools included:

- debt moratoria resulting from the banks' position regarding the unification of the rules for offering aid tools to customers of the banking sector i.e. non-legislative moratorium within the meaning of the guidelines of the European Banking Authority (EBA),
- Anti-Crisis Shield 4.0,
- financing to stabilize the liquidity situation, under which BGK collaterals were used

Type of assistance tool	Number of customers with granted assistance tools	Gross carrying amount of granted assistance tools PLNk
Non-legislative moratoria	149 665	21 642 609
Legislative moratoria	2 340	253 722

Key financial ratios - comment 2020 - Santander Bank Polska Group

1. Net interest income annualised on a year-to-date basis (excluding interest income from the portfolio of debt securities held for trading and other exposures related to trading) to average net earning assets as at the end of consecutive quarters after the end of the year preceding a given accounting year (excluding financial assets held for trading, hedging derivatives, other exposures related to trading and other loans and advances to customers).
2. Gross loans and advances to customers classified to stage 3 and POCI exposures to the portfolio of gross loans and advances to customers measured at amortised cost at the end of the reporting period.
3. Impairment allowances for loans and advances to customers classified to stage 3 and measured at amortised cost and POCI exposures to gross value of such loans and advances at the end of the reporting period.
4. Net expected credit loss allowance (for four consecutive quarters) to average gross loans and advances to customers measured at amortised cost (as at the end of the current reporting period and the end of the last year).
5. Profit attributable to the parent's shareholders (for four consecutive quarters) to average equity (as at the end of the current reporting period and the end of the last year), net of non-controlling interests, current period profit and the undistributed portion of the profit.
6. Profit attributable to the parent's shareholders (for four consecutive quarters) to average tangible equity (as at the end of the current reporting period and the end of the last year) defined as common equity attributable to the parent's shareholders less revaluation reserve, current year profit, dividend, undistributed portion of the profit, intangible assets and goodwill.
7. Profit attributable to the parent's shareholders (for four consecutive quarters) to average total assets (as at the end of the current reporting period and the end of the last year).
8. The capital adequacy ratio was calculated on the basis of own funds and total capital requirements established for the individual risk types by means of the standardised approach, in line with the CRD IV/CRR package.
9. Tier 1 capital ratio calculated as a quotient of Tier 1 capital and risk-weighted assets for credit, market and operational risk.
10. Net profit for the period attributable to shareholders of the parent entity to the average weighted number of ordinary shares.
